## Losing

## Flesh

You naturally lose flesh in  
the summer and running down  
is so easy. You get a little  
weaker each day without hard-  
ly noticing it. There is loss of  
appetite, headache, weakness  
of the muscles, disturbed sleep,  
weakness of memory, and these  
are the beginning of nervous  
prostration. Iron and tonics  
and bitters may afford some  
temporary relief, but what you  
need is a food for body, brain  
and nerves.

**Scott's Emulsion.**  
of Cod-liver Oil with the Hy-  
pophosphites, furnishes just the  
nourishment needed for those  
who are run down and pale and  
thin and weak. If you lose flesh  
in summer take Scott's Emul-  
sion now. Don't wait till fall  
or winter before beginning.

For sale at 25c and 50c by all druggists.
